QUALITY. CHOICE. STYLE.

END YOUR CLOSET NIGHTMARE

Every morning, one of the first things you see is your clothes closet. If you're like most of us, you search through a clutter to find a blouse, jacket, pants, or a pair of shoes. Once you find them, clothes are often wrinkled or one shoe is missing. Not the best way to start your day.

Now imagine an organized closet. Clothing hanging neatly in their own spaces, shoes stored on shelves, and folded clothes neatly placed on shelves for easy access. No searching, no fuss, no wrinkles.

END YOUR CLUTTER WITH REDLINE CLOSET SYSTEMS

Most of us can not add more closets, but we can make better use of the space inside our closets. How? By rearranging your space with a closet organizer from **Redline Closet Systems**. Every inch of your space, floor to ceiling, can be utilized.

Hanging spaces, drawers, shelves, bins... a place for everything. Unlike most other closet organizers, you are not limited to standard off-the-shelf solutions. Everything is custom built specifically for *your* closet. With a huge selection of accessories, colors and styles, the possibilities are nearly endless. Your closet will work great, *and* look great!

But why stop with your clothes closet? Our systems work great in other rooms as well...home offices, hobby rooms, laundry rooms, or anywhere clutter is a problem. And our **RedLine garagegear** storage cabinets will do the same for your garage.

PROFESSIONAL DESIGN AND INSTALLATION

Your local Agent will visit you to design a system that is exactly what you want. Your Agent knows the choices and options available and can design the perfect solution for you and your space. They will carefully measure everything to make sure every inch of space is used, then enter that information into a computer-aided design program and send it to us to ensure every detail is accurate. Finally, they will install everything to be certain everything is working properly.

MATCH YOUR DECOR...MATCH YOU

COLORS AND FINISHES

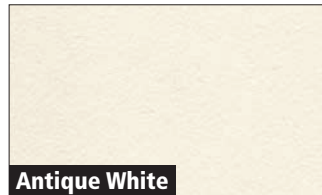

Choose from 14 stock colors. Additional colors are available to match any décor.

WHY CHOOSE REDLINE CLOSET SYSTEMS?

What does a **Redline Closet Systems** organizer offer, that other brands of closet organizers don't? How about quality, choice and style?

You want quality that stands up to daily use, lasts for years and still looks great. We manufacture everything ourselves, using only high quality materials and hardware. Your closet organizer system is not manufactured until we receive your order, so everything matches your specifications exactly. And finally, your organizer is professionally installed to ensure everything fits and works as it should.

You want choice. We offer 14 standard colors / finish choices and manufacture everything to your exact specifications. Everything will look great, and fit perfectly. With a huge selection of accessories and hardware, the possibilities are nearly endless.

You want style to match your decor. We are the only manufacturer to offer more than 30 door style choices...contemporary, raised panel, mission and more. With the color and finish choices available, you should be able to find exactly what you want.

REDLINE CLOSET SYSTEM ADVANTAGES

- More than 30 door styles...match any decor
- 14 standard colors with many optional choices
- Sixteen shelf and cabinet depths to fit any space
- Turn-around in 10 days or less
- Four types of drawer construction for every need and budget
- 2mm thick edge banding for durability
- Computer design and manufacturing for accuracy
